SUBJECT:

After the DD/S&T Staff Meeting 18 March 1965, I had the opportunity to bring up the System XVII development status with Cunningham and Wheelon. Wheelon has mentioned that he did not expect the life of the U-2 over China to hold for a very long time. Wheelon and Cunningham were of the opinion that the equipment should be developed and put in the 2004/08/07 : CIA-RDP71B00185A000100050094-5 and the attached memo reflects this prior to informal coordination .
